

High precision linear slide and goniometer slide

- By directional repeatability accuracy: $\pm 50\text{nm}$
- Motor force: 5N~145N
- Maximum speed: 150~500mm/s
- Z-axis slide available
- Traveling range: 15mm~290mm
- Max load capacity: 140kg
- Maximum linear accuracy: 1 μm /50mm
